Nuisance - Existence of a latrine close to dwelling house of Nathane & Co behind Milagres church Kahanpur - further report submitted.			

J.S.H.K.H.
Please see what action can be taken
in the matter

Dr. P. Varadarajulu Naidu M.L.A.

18/4
Government Estate,
Madras -2,
18-4-55.

Dear Mr. Shetty,

A gentleman by name Mr. L.A. Desa, holding

high position in the commercial world writes to me from Bombay
as follows:-

" My aged mother is staying behind Milagres Church
Kallaiampur Post, South Kanara, her name is Mrs. Mathaline Desa,
Our neighbours who are related have built a W.C. (Latrine) in line
with our portico where she sits and sleeps during summer etc. My
mother had asked these people not to build one in that place as the
stink came directly to the house and porch and besides being unhealthy
one cannot sit, eat or do anything when there is a slight breeze.
But these people did not bother so my mother had to inform the health
authorities at Udipi, who have taken up a case against the other
party, but I am informed that the other party are trying to influence
the local authorities and there is a likelihood of us losing the case.
As my mother has no male member in the house, these people are just
harrassing her and I just cannot go there at the moment due to so
many difficulties.

I shall be thankful if you could speak to the Hon'able
Minister and take action against the people who are doing mischief
and see that the W.C. is removed."

I shall be glad and it shall be appreciated if you
will kindly instruct the authorities in South Kanara District to
render justice in this matter.

With kind regards,

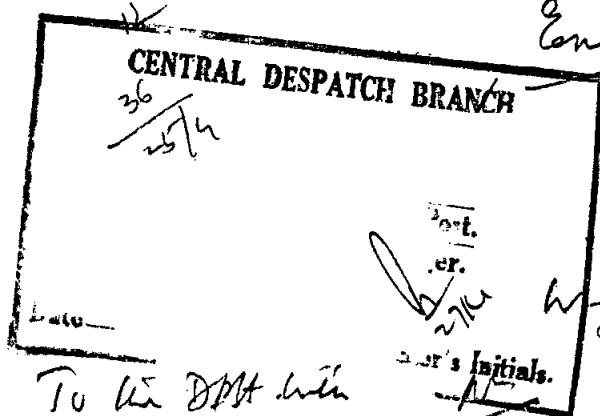

yours sincerely,

V. S. Jeyaraj

Hon'able
Sri. A.B. Shetty,
Health Minister,
Madras.

Copy of the letter L.Dis. No. 1270/55 dated 13-6-55 from the District Health Officer, South Kanara, Mangalore, addressed to the Director of Public Health, Madras.

Sub: Nuisance - Existence of a latrine close to dwelling house of Nathline D'sa behind Milagres Church, Kalianpur - further report - submitted.

Ref: Your R.No. 30056-Hyg-1-55 dated 2-5-55.

....

A prosecution filed against Mrs. Juvan D'sa Bai for failure to comply with the notices issued by the Health Inspector, Udipi Range is pending in the Court and the matter is subjudice.

There was no justification for the insinuation made in the letter addressed to the Minister for Health. A copy of the Health Inspector's report C.No.152/55 dated 8-6-55 is furnished for your kind information of the action taken in the matter.

(TRUE COPY)

Copy of Health Inspector's Report C.No. 152/55 dated 8-6-55.

....

Sub: Latrine - complaint by Mrs. Nathaline Desa Bai - Kalyanpur - Thonse East Village - report submitted.

Ref: Ref.C.No. 1270-B-55 dated 11-5-55 of the District Health Officer, South Kanara received by me on 18-5-55.

...

Mrs. Nathaline D'Sa Bai wife of Joseph D'sa of Kalianpur Thonse East village sent a petition on 20-4-54 to the District Health Officer, S. Kanara stating that Mr. Lawrence D'sa residing in her neighbouring compound is constructing a latrine which is very near to her drinking water well and the latrine is at a higher level than the well site and the dirty water of the latrine will find its way into the well not during rainy season and hence the other party may be warned to erect the latrine.

This petition was forwarded to me in Ref.1169-B-54 dated 23-4-54 for inspection and necessary action and to report. I ~~the~~ ~~was~~ inspected the premises on 29-4-54 and found that the latrine was being constructed. I met the woman by name, Mrs. Juvana D'sa standing at the working spot and getting the construction work of the latrine. I asked her who is constructing the latrine and who is the owner of the premises. She personally admitted that the plot and the premises belong to her and she is constructing the latrine. Then I asked her who has shown the site for constructing the latrine and told her that the site where she is constructing the latrine is objectionable on the sanitary grounds as the distance between the latrine and the drinking water well in the adjoining compound, belonging to Mrs. Nathaline D'sa Bai is only 24 ft., and hence the drinking water well will be contaminated. She replied that the Udipi Municipal authorities have shown the site and is in no way objectionable or danger to anybody and that she has no other suitable site.

Then I met Mrs. Nathaline D'sa Bai and asked her who is the owner of the adjoining plot in which the latrine is being constructed and who is constructing the latrine. Mrs. Nathaline D'sa bai assured me that Lawrence D'sa was the

the Mulgeni ~~for~~ holder of the plot. But when he was working as a Postman he was charged for misappropriation and he was sent for imprisonment and during this period he had transferred his rights of the plot to his wife Mrs. Juvana D'sa Bai and ~~hence~~ then Juvana D'sa Bai was enjoying the full rights and the benefits of the plot. Now she is constructing the latrine which is very near to her well and hence she is requesting that the Public Health Department should take necessary action to shift the latrine from the present site.

Then sitting in her house, I prepared two notices P.H. 2/54 and P.H.3/54 under sections 44 and 39 and 40 for demolishing the latrine under construction and to put up a new flushout leaching type latrine at the site pointed out by me and the notices were served on her (Mrs. Juvana D'sa)

In reply to my notice she sent her application dated 8-5-54 to the District Health Officer, stating that the latrines constructed by her is not a source of danger or nuisance to the persons or property around it and hence the ~~notice~~ notices served on her may be cancelled, which was also forwarded to me in N. Ref. 1466-B-55 dated 20-5-54 of the District Health Officer, for my urgent remarks in the matter.

I inspected the premises on 4-9-54 and found that the directions issued in the notice were not carried out. As the previous notices were time-barred. I issued her fresh notice she sent her petition again dated 11-9-54 stating that the latrine constructed by her will not pollute the drinking water well in the adjoining compound and that she intends to dig a well at the site which was pointed out by me for construction of a new latrine and hence she cannot shift the latrine to any site and hence this notice may also be cancelled.

I sent my report in N.Dis. 152/54 dated 2-10-54 regarding the objections of the latrine complained of on sanitary grounds and requested the District Health Officer to pass orders for any further action pointing out that though the distance between the latrine and the well is more than 20 ft., as required by the rules framed in G.O.No. 3971 dated 13-9-1941. the nature of the soil around the latrine and the elevation and slope of the latrine site and the direction of the flow of water current into the well and the defective nature of construction of the latrine and the non-service of scavengers under the Kalianpur Panchayat Board are all the possible sources of the well water being contaminated by the existence of the latrine at the site.

The District Health Officer Communicated his orders in L.Dis. No. 1169/54 dated 16-10-54 that the latrine should be shifted to an unobjectionable site which will be shown by the Health Inspector. Again I issued her notice on 2-11-54 under section 2 39 and 40 of the M.P.H. act to shift the latrine to the site pointed out by me and on inspection of the premises after expiry of the time allowed in the notice, I sent report to sanction prosecution for failure to comply with the notice. The prosecution had been sanctioned in P.R.No.3/54 dated 16-2-55 and was filed in the court on 1-3-55.

The prosecution G.C.No. 300/55 was posted for enquiry on 26-3-55, 7-4-55, 18-4-55, 5-5-55, 12-5-55, 30-5-55 and 8-6-55 and again was adjourned to 24-6-55 for examining the defence witnesses.

By examining the prosecution witnesses (1) Health Inspector, Udipi Range, (2) Potail of Thonse East village the objections of the latrine at the existing site under health point of view and the nuisances caused by the latrine to the person residing in the adjoining compound and the possibility of contamination of the drinking water well in the adjoining

*t demolish the latrine
already constructed
in reply to this notice*

compound and the possibility of contamination of the contamination of the ~~drinking~~ drinking water well in the adjoining compound, were established. But the accused denies offence stating that she is not the owner of the plot and that she has not constructed the latrine.

Now I have to wait till the judgement is pronounced by the Magistrate regarding the merits of the prosecution and the ownership of the said compound and if the prosecution is acquitted, I have to take action against the authorised owner of the compound for shifting the latrine from the existing site.

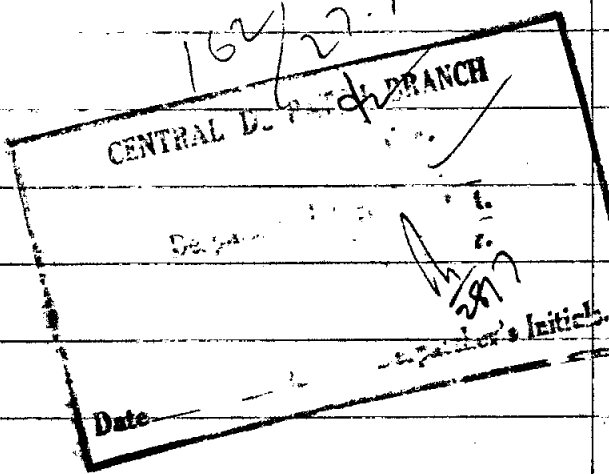

In the letter dated 18-4-55 cited in the above reference and addressed to the Honourable Minister for Public Health, it was remarked that the other party is trying to influence the local authorities and there is likelihood of us losing the case and to take action against the people who are doing mischief, which is reflecting on the Public Health Department and it was to be investigated.

No. 38462-A/55

P 9 of 9

Nuisance - - South Kanara District
 Kalainpur - Existence of a latrine
 close to dwelling house of Nathline
 D'sa.

Ref:

From Dr. P. Varadarajulu Naidu M.L.A
 Lr dated 18-4-55

From D.P.H L-Dis. 30056-Hyg(1)/55
 dated 12-7-55.

Extract of the Minute of M(H) on PIC:-
 "Please see what action can
 be taken in the matter."

Dr. A. Varadarajulu Naidu, M.L.A

has brought to the notice of Govt
 that a complaint was made to the
 Health authorities by one Mrs Nathline
 D'sa in Kalainpur, S. Kanara Dist. against
 the construction of a latrine by her
 neighbour causing nuisance to her and
~~that the party against whom the report was~~
~~that on the authorities filing a~~
~~case against the defaulting party, the~~
~~made, was~~
~~latter are~~ trying to influence the
 local authorities.

The D.P.H. has submitted

the reports obtained by him from
 the D.H.O., South Kanara and the Health
 Inspector, Udipi Range. It is seen
 from the reports that vigorous
 action has been taken by the

The J.H.O, South Kanara
has stated that there was no
justification for the insinuation
made in the letter addressed to
M(H). It does not seem necessary
to pursue the question of casting
a reflection on the Public Health staff.
It is for consideration whether
any reply need be sent to
Dr. P. Varadarajulu Naidu, M.L.A or
whether the papers may be lodged
